Job estimate example

- Assume that a recipient is preparing its first quarterly report and that the recipient's Recovery Act funded work required two full-time employees and one part-time employee working half days for the quarter.
- Also assume that the recipient's full-time schedule for the quarter is 520 hours (2080 hours in a work-year divided by 4).
- To convert hours worked to number of FTE for the first quarterly report, aggregate all hours worked and divide by the number of hours in a full-time schedule for the quarter.
- In this example, full-time hours worked (520 hrs x 2 employees = 1040 hrs) + part-time hours worked (260 hrs) ÷ number of hours in a full-time schedule for the quarter (520 hrs) = 2.5 FTE reported in the first quarterly report.
- Because jobs are reported cumulatively each quarter, this same number of FTE would be reported for the second quarter if the same number of employees worked the same number of hours.

Job Estimate Continued

Period	3rd qtr	4th qtr	1st qtr	2nd qtr	3rd qtr	4th qtr
Full-time Schedule	520	1040	1560	2080	2600	3120
Full-time employee 1	520	1040	1560	2080	2600	3120
Full-time employee 2	520	1040	1560	2080	2600	3120
Part-time employee (half time)	260	520	780	1040	1300	1560
Temporary employee (650 hrs.)	0	0	130	390	650	650
Total hours worked	1300	2600	4030	5590	7150	8450
Quarterly FTE	2.50	2.50	2.58	2.69	2.75	2.71

More Jobs Information

- Prime recipients are required to generate estimates of job impact by directly collecting specific data from sub-recipients and vendors on the total FTE resulting from a sub-award. To the maximum extent practicable, information should be collected from all sub-recipients and vendors in order to generate the most comprehensive and complete job impact numbers available.

Additional Data Elements

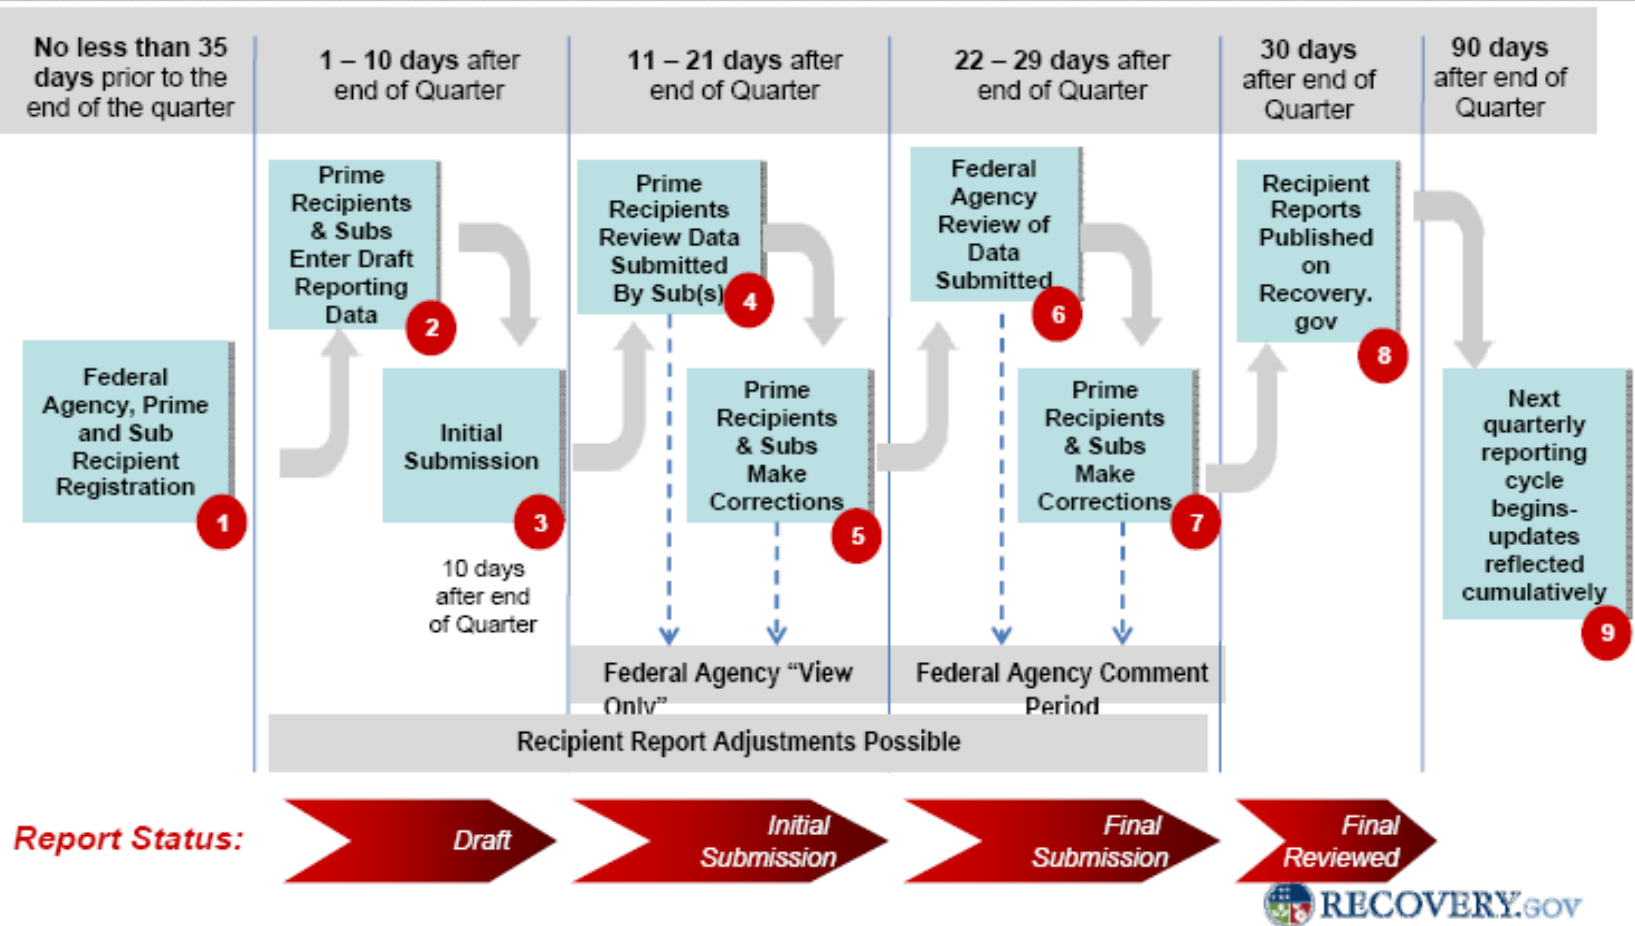

- Primary Place of Performance
- Recipient Highly Compensated Officers
- 20 Data elements for Sub-Recipients
- Information from Vendors
 - Vendor DUNS or Vendor Name and HQ Zip
 - Product and Service Description
 - Payment Amount
 - Award Type, # and Recipient DUNS

accountability

Section 1512 of the Recovery Act requires reports on the use of Recovery Act funding by recipients no later than the 10th day after the end of each calendar quarter.

transparency

Section 1512 of the Recovery Act requires federal agencies providing the funds to make the reports publicly available no later than the 30th day after the end of each calendar quarter.

On February 17th, 2009 President Obama signs the American Recovery and Reinvestment Act (ARRA) into law. ARRA is intended to provide a stimulus to the U.S. economy in the wake of the economic downturn worth \$787 billion. Section 1512 of the Recovery Act requires recipient reporting to begin 100 days after enactment, and for reports to be submitted by recipients 10 days after the end of each calendar quarter. This results in an initial statutory reporting deadline of October 10, 2009, with quarterly reports due 10 days after the end of each calendar quarter thereafter. Section 1512 of the Recovery Act requires that prime recipients and delegated sub-recipients submit quarterly reports on their use of the funds not later than the 10th day following the end of each quarter beginning on October 10, 2009, and will be cumulative since enactment, or February 17, 2009. The statute further requires that reported information will be made available to the public not later than the 30th day after the end of each quarter. Summary statistics for reported data will appear on www.Recovery.gov prior to the end of the 30-day period, but they will be appropriately marked to indicate their review status. The timeframe of key reporting activities and their sequence are shown below.

This www.FederalReporting.gov website allows for recipients to fulfill their reporting obligations as defined by Section 1512 of the Recovery Act. It provides recipients and federal agencies with the ability to:

- Register for the site and manage their account(s)
- Submit reports
- View and comment on reports if the user represents a Federal agency or prime recipient
- Update or correct reports when appropriate
